

Advantage Crack Repair

Description

Advantage Crack Repair is an acrylic latex fortified with mineral fillers, fibers and silica sand. Advantage Crack Repair is designed to be used as a trowel grade crack repair. Advantage Crack Repair comes in colors of red, dark green and light green.

Uses

Advantage Crack Repair is used for filling cracks and minor voids on tennis courts, playgrounds and recreational surfaces.

Surface Preparation

Surface should be cleaned with compressed air and free from oil, grease, dirt and other foreign matter. Embedded dirt should be brushed thoroughly prior to any coating application. Grease and oil spots should be primed with an approved oil spot primer.

Mix Design

Use Advantage Crack Repair as is – do not dilute.

Coverage rate will depend on the width and depth of the crack.
(example: 1/2" x 1" = 35 lineal feet per gallon)

Application

Advantage Crack Repair comes ready to use. It can be applied by hand trowel to properly cleaned and dry cracks in asphalt or concrete recreational surfaces. Be sure to scrape any excess material left on the surface in order to not leave any ridges. Some cracks may require multiple applications.

Clean-up

Rinse tools with water soon after using. Dried material can be removed with an approved solvent.

Shelf Life

Approximately 12 months

Physical Properties

Weight/Gallon ... 14.4 lbs. per gallon

Drying Time ... Touch: 2 hour
